**Portfolio:** [giorgi-durglishvili.vercel.app/](https://giorgi-durglishvili.vercel.app/)

## Profile

---

Creative and detail-oriented Developer with 3 years of professional experience in building responsive, cross-browser, and high-performance web interfaces. Skilled in writing clean, semantic HTML5 and modern CSS3, including advanced animations using CSS and JavaScript. Proficient in working with CSS pre-processors like Sass.

Strong eye for UI/UX with hands-on experience translating designs into pixel-perfect layouts. Comfortable collaborating in Agile environments alongside designers and developers to deliver functional and visually appealing web products.

Familiar with animation and interactive graphics using GSAP and Three.js — not an expert, but confident working with them to create dynamic, visually rich experiences when needed.

## Experience

---

### Fullstack Developer | Bold & Epic Craft | 2022 – Present

- Developed and maintained responsive, high-performance websites.
- Implemented a wide range of **complex animations and interactions** using JS, CSS and occasionally Gsap Three.js.
- Gained strong experience with Drupal/NextJS by creating and maintaining content-rich, scalable websites.
- Worked closely with UI/UX team to convert designs into pixel-perfect, accessible front-end layouts.
- Collaborated effectively within cross-functional Agile teams, consistently delivering features on time and communicating ideas clearly and confidently.
- **Mentored and onboarded newcomers**, providing guidance on Drupal theming best practices, template structure, and front-end workflows.

## Personal Skills

---

- Good communication skills
- Meticulous and attentive
- Fastest learner alive
- Liable
